Such delays expose the non- performing party to various sanctions under the contract. These sanctions include extension of time, damages or default termination of the contract. While examiningthe request of the contractor for extension of time, the engineer shall consider all circumstances and categorise the delays as follows:

- a) Excusable delays Force Majeure (FM), that is, acts of God, abnormal weather, floods, and so on, applies;
- b) Compensable delays or Compensation Events, which put full burden of responsibility on CIL/Subsidiary; and

- d) Concurrentdelays whentwoor moreeventsresponsible for delay overlap eachother. The delays may be attributable to CIL/Subsidiaryorthe contractor or none, and fall in above categories. The eligibility for extension of time (EOT) should be determined by plotting each contributing concurrent delay on the critical path. CIL/Subsidiary should see that the concurrent delays do not resultin unnecessary extra extension of time.
- C. Once the delay is categorised, it should then be determined not only whether the contractor is eligible for time extension but also whether sanctions, such as Liquidated Damage (LD) or default termination, can be imposed on the contractor.

Where necessary, e.g. matters of high value, they may proceed in the manner discussed below:
- 1. Company, may where they consider appropriate, e.g. in high-value matters (where amount of dispute / claim value is more than the DoP of concerned Director), constitute a High-Level Committee (HLC) (minimum 03 members) for dispute resolution, which may include the following (this composition is purely indicative and not prescriptive):

- ii. conduct mediation through a mediator and then place the tentative mediated agreement before the HLC or
- iii. use the HLC itself as the mediator.
- 3. This will enable decisions taken for resolving disputes in appropriate matters to be scrutinized by a high-ranking body at arms-length from the regular decision-making structure, thereby promoting fair and sound decisions in the public interest, with probity.
- 4. There may be rare situations in long-duration works contracts where a renegotiation

of the terms may best serve public interest due to unforeseen major events. In such circumstances, the terms of the tentative re-negotiated contract may be placed before a suitably constituted High-Level Committee before approval by the competent authority.

[NOT TO BE PART OF TENDER DOCUMENT: Competent authority for such approval shall be one level above the Tender Accepting Authority limited to Board of Directors of concerned subsidiary / CIL.]

- 5.Mediation agreements need not be routinely or automatically included in procurement contracts/ tenders. (NOT TO BE PART OF TENDER DOCUMENT)
- 6. Disputes where the methods outlined above are unsuccessful should be adjudicated by the courts.
- (iv) Appointment of Mediator(s):
- 1. Mediators can be of any nationality and must be registered with the Mediation Council of India (MCI) or empanelled by a court-annexed mediation centre or empanelled by an Authority constituted under the Legal Services Authorities Act, 1987 or empanelled by a mediation service provider (MSP) recognised by MCI.
- 2. Within 30 days of receipt of the "Notice of Mediation", the CMD of subsidiary / CIL after consultation with concerned Legal department shall propose names of three likely mediators from its panel, asking the other party to choose one as Mediator. The mutually accepted mediator shall then be appointed to conduct mediation.
- 3.If parties do not agree on the mediator, they can approach a mediation service provider ("MSP", recognised by MCI), who shall appoint a mediator based on the suitability and preferences of the parties within 7 days.

requires online mediation communication mechanisms to ensure confidentiality.

(vi) The Process:

- 1. The Mediator independently and impartially encourages open communication and cooperation between disputing parties to reach an amicable settlement, but he does not have the authority to impose a settlement upon the parties to the dispute. The parties shall be informed expressly by the mediator that he only facilitates in arriving at a resolution of the dispute and that he shall not impose any settlement nor give any assurance that the mediation may result in a settlement.
- 2. Unlike court proceedings, Mediation is informal and flexible and allows for creative problem-solving and exploration of various solutions. The Code of Civil Procedure or the Indian Evidence Act, 1872 shall not be binding on the mediator.
- 3. Confidentiality: Subject to the other provisions of the Mediation Act 2023, the mediator, mediation service provider, the parties and participants in the mediation shall keep confidential all the following matters relating to the mediation proceedings, namely:—
