E. <u>PurchasePreferenceunder'MakeinIndia'Policyfor"Localsupplier"</u>(NOTAPPLICABLEWHE REESTIMATEDCOSTPUTTOTENDERISLESSTHAN5 LAKHS)

PreferencetoMakeinIndia(asapplicable)videOrderNo.P-45021/2/2017-PP(BE-II)dated16.09.2020, issued by Govt. of India as amended from time to time shall be applicable. In terms ofthe above said policy, purchase preference shall be given to Class-I local supplier. In terms with theabovesaid policy,Class-IlocalsuppliersandClass-II localsuppliersshall beeligibletobid.

The definitions of Class-IL ocal Supplier, Class-II local supplier, Non-Local supplier, Local Content and Margin of Purchase Preference as per above mentioned Order are as follows:

- A. 'Class-Ilocalsupplier' means a supplier or service provider, who segoods, services or works of fered for procurement, has local content equal to or more than 50%, as defined undersaid order
- B. 'Class-II local supplier' means a supplier or service provider, whose goods, services or worksoffered for procurement, has local content equal to or more than 20% but less than 50%, asdefinedundersaid order.
- C. 'Non-Local supplier' means a supplier or service provider, whose goods, services or worksofferedforprocurement, has local contentless than 20% as defined under said order
- D. 'Local Content' means the amount of value added in India which shall be the total value of theitem procured (excluding net domestic indirect taxes) minus the value of imported content in theitem(includingallcustoms duties)asaproportion ofthe totalvalue, in percent.
- E. 'Margin of Purchase Preference' means the maximum extent to which the price quoted by a Class-I local supplier may be above the L1 for the purpose of purchase preference. The margin ofpurchase preference is 20%.

Interms of the above said policy, purchase preferences hall be given to local suppliers in the following manner:

- I. In the procurement of works which are divisible in nature, the following procedure shall befollowed:
 - i) Among all qualified bids, the lowest bid will be termed as L-1. If L-1 is from a Class-I localsupplier, the contract for fullquantity will be awarded to L-1 at L-1 price by the Purchaser.
 - ii) If L-1 is not a Class-I local supplier, 50% of the order quantity shall be awarded to L-1. Thereafter, the lowest Bidder among the Class-I local suppliers will be invited to match the L-1 price for the remaining 50% quantity subject to Class-I local supplier's quoted pricefalling within the margin of purchase preference, and the contract for that quantity shall beawarded to such local supplier subject to his matching the L-1 price. In case such lowesteligible Class-I supplier fails to match the L-1 price or accept less than the offer quantity, thenext higher Class-I local supplier within the margin of purchase preference shall be invited tomatchthe L-1 priceforremaining quantity and soon, and contract shall be awarded accordingly. In case some quantity is still left uncovered on Class-I local supplier, then such balance quantity may also be ordered on L-1 Bidder.
- **II.** In the procurement of works which are not divisible, and in procurement of services where the bidisevaluated on price alone, the following procedure shall be followed:
 - i) Among all qualified bids, the lowest bid will be termed as L-1. If L-1 is from a Class-I local supplier, the contract will be awarded to L-1.
 - ii) IfL-1 isnotfrom aClass-I localsupplier, thelowestBidderamong theClass-I localsuppliers, will be invited to match the L-1 price subject to Class-I local supplier's quotedprice falling within the margin of purchase preference, and the contract shall be awarded tosuchClass-IlocalsuppliersubjecttomatchingtheL-1 price.

iii) In case such lowest eligible Class-I local supplier fails to match the L-1 price, the Class-Ilocal supplier with the next higher bid within the margin of purchase preference shall beinvited to match the L-1 price and so on and contract shall be awarded accordingly. In casenone of the Class-I local suppliers within the margin of purchase preference matches the L-1 price, then the contract may be awarded to the L-1 Bidder.

III. Applicabilityintenderswherecontractis tobeawardedtomultiplebidders.

In tenders where contract is awarded to multiple bidders subject to matching of L1 rates orotherwise, the 'Class-I local supplier' shall get purchase preference over 'Class-II local supplier'aswell as 'Non-local supplier', as perfollowing procedure:

- a) In case there is sufficient local capacity and competition for the item to be procured, asnotified by the nodal Ministry, only Class I local suppliers shall be eligible to bid. As such,the multiple suppliers, who would be awarded the contract, should be all and only 'Class ILocalsuppliers'.
- b) In other cases, 'Class II local suppliers' and 'Non local suppliers' may also participate in thebiddingprocessalongwith'ClassILocal suppliers'asper provisionsoftheOrder.
- c) If 'Class I Local suppliers' qualify for award of contract for at least 50 (fifty) percent of thetendered quantity in any tender, the contract may be awarded to all the qualified bidders asper award criteria stipulated in the bid documents. However, in case 'Class I Local suppliers'do not qualify for award of contract for at least 50 (fifty) percent of the tendered quantity, purchase preference should be given to the 'Class I local supplier' over 'Class II localsuppliers'/'Nonlocalsuppliers' provided that their quoted ratefalls within margin of purchase preference of the L1 bidder considered for award of contract so as to ensure that the 'Class I Local suppliers' taken in totality are considered for award of contract for at least 50 (fifty) percent of the tendered quantity.
- d) Firstpurchasepreferencehas tobe giventothe lowestquoting 'Class-I localsupplier', whose quoted rates fall within margin of purchase preference, subject to its meeting theprescribed criteria for award of contract as also the constraint of maximum quantity that canbe sourced from any single supplier. If the lowest quoting 'Class-I local supplier', does not quantity, an opportunity may be given to next higher 'Class-I local supplier', falling withinmarginof purchasepreference, and so on.
- e) To avoidany ambiguity during bidevaluation process, the procuring entities may stipulateits own tender specific criteria for award of contract amongst different bidders including the procedure for purchase preference to 'Class-Ilocal supplier' within the broad policy guidelines stipulated in sub-paras above.

IV. Requirementforspecificationinadvance:

Theminimumlocalcontent, themargin of purchase preference and the procedure for preference to Make in India shall be specified in the notice inviting tenders or other form of procurements olicitation and shall not be varied during a particular procurement transaction.

B. DelaysinExecution

A work may be completed ahead of schedule or delayed due to unforeseen fortuitous circumstances, extra effort or developments beyond the control of CIL/Subsidiary or thetenderer and it is sometimes difficult to apportion credit or responsibility. The contractormay experience delay or disruption due to his own actions or inaction, those of his sub-contractor or other contractors, those of CIL/Subsidiary or the engineer, or other causes. Such delays expose the non-performing party to various sanctions under the contract. These sanctions include extension of time, damages or default termination of the contract t. While examining the request of the contractor for extension of time, the engineer shall consideral lcircumstances and categorise the delays as follows:

- a) Excusable delays Force Majeure (FM), that is, acts of God, abnormal weather, floods, and soon, applies;
- b) Compensabledelays—orCompensationEvents, which putfull burden of responsibility on CIL/Subsidiary; and
- c) Inexcusabledelay(contractor'sownfaults), which puts the full burden of responsibility on the contractor.
- d) Concurrent delays when two or more events responsible for delay overlap eachother. The delays may be attributable to CIL/Subsidiary or the contractor or none, and fall in above categories. The eligibility for extension of time (EOT) should be determined by plotting each contributing concurrent delay on the critical path. CIL/Subsidiary should see that the concurrent delays do not result in unnecessary extra extension of time.
- C. Oncethedelay iscategorised, it should then be determined not only whether the contractor is eligible for time extension but also whether sanctions, such as Liquidated Damage (LD) or default termination, can be imposed on the contractor.
- D. Thetimeforcompletionoftheworkwillbespecified in the contract and it is understood that the completion of work within the time specified is an essential part of this contract. While ascertaining the reasons for delay beyond the control of the control of control

In case the contractor has a different opinion forhindrance and a dispute arises then the matter would be referred to the EIC and or thenext higher authority whose decision would be final & binding on the contractor & thedecisiontobecommunicatedwithin15days.

G. Interim Extension of completion time may be granted by Tender Accepting Authoritylimited to GM(E&M)/HoD for HQ works and Area GM for area works as per provision of clause 6.4.1 below, based on the recommendation of the Engineer-in-Charge of thework during the course of execution of work reserving the right to impose/waive the clause relating to compensation for delay at the time of granting final extension of timedepending upon the merit of the case. Final Extension of completion time is to begranted by Tender Approving Authority limited to CMD of CIL/Subsidiary.

GeneralPrinciplesforGrantingExtensionof Time

- i) At the time of issuing notice inviting tenders for a particular work the Engineer-in-Charge should specify the time allowed for completion of the work consistent with themagnitudeandurgencyofthework.
- ii) The time allowed for carrying out the work as entered in the contract shall be strictly observed by the contractor and shall be reckoned from the Date of Commencement of theworks giventothe contractor.
- iii) The work shall throughout the stipulated period of the contract be proceeded with alldue diligence (time being deemed to be the essence of the contract) on the part of the contractor.
- iv) Toensuregoodprogressofworkduringtheexecution, the contractors hall meticulously follow the preset time and progress chart and in the event of slippages in one segment, all efforts will be made to liquidate the slippages in the next stages.
- v) If the contractor shall desire an extension of time for completion of work on the grounds of his having been unavoidably hindered in its execution or on any other grounds asmentioned above shall make application to Engineer-In-Charge for extension of contractwithin a reasonable period prior to expiry of Contract Period (Preferably not later than 15days prior to expiry of Contract Period). Engineer-In-Charge shall process the proposalbasedonthemeritofthe case forobtaining approvalofCompetentAuthority. Such extension shall be communicated to the contractor in writing by the company throughEngineer-in-ChargebeforetheexpiryofContract Period.
- vi) Engineer-in-

- a) The contractor mustapplytotheEngineer-in-Chargeinwritingforextensionoftime.
- b) Such applicationmust state the grounds which hindered the contractor in the execution of the work within the stipulated time.
- c) SuchapplicationmustbemadewithinareasonableperiodpriortoexpiryofContractPeriod(Preferablynotlaterthan15dayspriortoexpiryofContractPeriod).
- d) TheEngineer-in-

Chargemust be of the opinion that the grounds shown for the extension of time are reasonable.

vii) Deleted

viii) The opinion of the Engineer-in-Charge, whether the grounds shown for the extension of time are or not reasonable, is final. If the Engineer-in-Charge is of the opinion that the grounds shown by the contractor are not reasonable and declines to process the extension of time, the contractor may approach concerned SO(E&M) /GM (E&M) /Director (As the case may be) whose opinion shall be final and binding on all concerned.

ix) All interim extensions of time shall be granted by Tender Accepting Authority limited to GM(E&M)/HoD for HQ works and Area GM for area works and all final extension of time shall be granted by Tender Accepting Authority limited to Chairman/CMD of CIL/Subsidiary.

Effort should be made to complete the work within the original contract period or extended period.

x) In case the contractor does not apply for grant of extension of time before the expiry of contract period and the department wants the contractor to continue with the work beyondthestipulated date of completion, the Engineer-in-

Chargecan process proposal for extension of time even in the absence of application from the contractor aspert he following guidelines:

- b) The base date for working out such escalation/de-escalation shall be the last date on whichthe bids (inclusive of price part) or revised price bids (inclusive of revised offer) werestipulated to be received.
- c) The compensation for escalation or recoveries to be made shall be worked out at quarterlyintervals and shall be with respect to the cost of work done during the previous three months. The first such paymentwill be made at the end of three months after the month (excluding)inwhichthetenderwasacceptedandthereafteratthreemonths'interval.
- d) Job specific modification in the formulae of price variation given in the following para(s)canbedonewiththeapprovaloftheCMDofthecompany.

Escalation/ De-escalation for Labour: The amount paid to the contractor for the workdone shall be adjusted for increase or decrease in the cost of labour and the cost shall becalculated quarterly in accordance with the following formula:

$$VL=W\times^A\frac{100}{100}\times^{L-L0}\frac{100}{Lo}$$

Where:

- VL= Variation in labour cost i.e., increase or decrease in the amountinrupeestobepaidorrecovered.
- W = Value of work done during the period under reckoning to which the escalation/deescalationrelates as indicated in clause-2.4 of the Additional Terms & Conditions of the contract.
- A =Componentoflabourexpressedas percentageof the total value oftheworkadoptedfromtheTable-1.

- Lo= MinimumwagesforunskilledworkerspayableaspertheMinimum WagesAct /RulesoftheStateorCentralGovt.,whicheverismore,applicabletotheplaceof work as on thelast date stipulated for receipt of the bids (inclusive of pricepart)orrevisedpricebidswhicheverislater.
 - L= Revisedminimumwages ofunskilledworker corresponding to Loduring the period to which the escalation/de-escalation relates.

Escalation /De-escalation on Materials: The amount to be paid to the contractor for thework done will be adjusted for increase or decrease in the cost of materials and the cost shallbecalculated quarterly in accordance with the following formula:

$$V_{m}=W\times^{B}\frac{M-M0}{Mo}$$

Where:

- Vm=Variation inthematerial cost i.e. increase or decrease in the amount in rupees tobepaidorrecovered.
- W=Cost of work done during the period under reckoning to which the escalation / deescalation relates as indicated inclause-2.4 of the Additional Terms & Conditions of the contract.
- B=Component of material expressed as percentage of the total value of theworkadopted from the Table-1.
- M=AverageAll India Wholesale Price Index for all commodities for the period towhichescalation/de-escalationrelatesaspublishedbytheRBIBulletin,MinistryofIndustry&Commerce,Go vt.ofIndia.
- Mo =AllIndiaWholesalePrice Indexfor all commoditiesaspublishedby theRBIBulletin, Ministry of Industry & Commerce, Govt. of India, relating to the lastdate on which the bids (inclusive of price part) or revised price bids whichever islaterwerestipulatedtobereceived.

Escalation/ De-escalation on POL: The amount to be paid to the contractor for thework done shall be adjusted for the increase or decrease in the cost of POL and the cost shallbecalculated quarterly in accordance with the formula given below:

$$Vf=W\times^{C}\frac{100}{100}\times^{F-F0}\frac{1}{Fo}$$

Where:

- Vf = Variation in the cost of fuel, oil and lubricants increase or decrease in the rupees tobepaidorrecovered.
- W = Value of work done during the period under reckoning to which the escalation/ deescalation relates as indicated in clause 2.4 of the Additional terms & Conditions ofthecontract.
- C=Component of POL expressed as percentage of the total cost of the work taken from Table-1.

- F= Average Index Numberforwholesale price for the group of `Fuel, Power, Light &Lubricants' as published by the Economic Adviser, Ministry of Industry, Govt. ofIndiafortheperiodtowhichtheescalation/de-escalationrelates.
- Fo = Index number of wholesale price for the group, Fuel, Power, light & lubricants aspublished by the Economic Adviser, Ministry of Industry, Govt. of India prevalenton the last date of receipt of bids (inclusive of Price Part) or revised price bidswhicheverislater.

While calculating the value of "W" the following may benoted: The cost on which the escalation will be payable shall be reckoned as 85 % of the cost of work as per the bills towhich escalation relates, and from this amount the value of materials supplied or services rendered at the prescribed charges under the relevant provisions of the contract, and proposed to be recovered in the particular bill, shall be deducted before the amount of compensation for escalation or de-escalation is worked out. In the case of materials brought to site for which any secured advance is included in the bill, the full value of such materials as assessed by the Engineer-in-Charge (and not the reduced amount for which secured advance has been paid) shall be included in the cost of work done for operation of this clause. Similarly, when such materials are incorporated in the work and the secured advance is deducted from the bill, the full assessed value of the materials originally considered for operation of this clauseshould be deducted from the cost of the work shown in the bill, running or final. Further the cost of work shall not include any work for which payment is made at prevailing marketrates.

In the event the price of materials and/ or wages of labour required for execution of thework decreases, there shall be downward adjustment of the cost of work so that such price ofmaterials and/or wages of labour shall be deductible from the cost of work under this contractand in this regard the formulae herein before stated under this clause shall mutatis/mutandisapply. No such adjustment for the increase / decrease in material price and/ or wages oflabour before mentioned would be made in case of contracts in which the stipulated period ofcompletionoftheworkislessthanoneyear.

Application of Price Variation Claused uring extended period of Contracts.

The Price Variation Clause as stated above will be applied for extended time frame of a contract by following the principle stated as under:

- i) Normally, if and when it is understood that a contract is not going to be completed withinthe scheduled time period, the contract is kept operative by extending the time of completionprovisionally. During this provisional extended period the operation of the Price VariationClausewillremainsuspended.
- ii) If and when it is decided at the end of the successful completion of the work that the delaywas due to causes not attributable to the contractor, then the Price Variation Clause will berevived and applied as if the scheduled date of completion has been shifted to the approvedextendeddate.
- iii) If it is decided at the end of successful completion of the work that the delay was due to the fault of the contractor then the Price Variation Clause will not be revived for the purposeofescalation butshall be revived and applied for the purpose of de-escalation and no further

payment will be made to the contractor on account of any escalation during this period but recovery shall be made for dees calation, if any. Additionally, the Clauser elated to Compensation for delay will be applied.

iv) Ifitisdecidedattheendofsuccessfulcompletionofwork,thedelaywaspartlyduetothe fault of the contractor and partly due to the fault of the employer and thereby LiquidatedDamages (LD)/compensation due to delay is imposed then price variation clause for thepurpose of escalation shall not be revived for this extended period, but shall be revived andappliedforthepurposeofde-escalation.

No payment will be made by applying ``FROZENINDICES'` under any circumstances.
