C. PurchasePreferenceunder'MakeinIndia'Policyfor"Localsupplier"(NOTAPPLICABLEWHEREESTIMATEDCOST PUT TOTENDER IS LESS THAN5 LAKHS.)

Preference to Make in India (as applicable) vide Order No. P-45021/2/2017-PP (BE-II) dated 16.09.2020, issued by Govt. ofIndia as amended from time to time shall be applicable. In terms of the above said policy, purchase preference shall begiven to Class-I local supplier. In terms with the above said policy, Class-I local suppliers and Class-II local suppliers shallbeeligibletobid.

The definitions of Class-I Local Supplier, Class-II local supplier, Non-Local supplier, Local Content and Margin of PurchasePreferenceasperabovementioned Orderareasfollows:-

- A. 'Class-I local supplier' means a supplier or service provider, whose goods, services or works offered for procurement, has local content equal to ormore than 50%, as defined undersaid order.
- B. 'Class-II local supplier' means a supplier or service provider, whose goods, services or works offered for procurement, has local content equal to ormore than 20% but less than 50%, as defined undersaid order.
- C. 'Non-Local supplier' means a supplier or service provider, whose goods, services or works offered for procurement, haslocal contentlessthan 20% as defined undersaid order
- D. 'Local Content' means the amount of value added in India which shall be the total value of the item procured (excludingnet domestic indirect taxes) minus the value of imported content in the item (including all customs duties) as a proportion of the total value, in percent.
- E. 'Margin of Purchase Preference' means the maximum extent to which the price quoted by a Class-I local supplier may be above the L1 for the purpose of purchase preference. The margin of purchase preference is 20%.

In terms of the above said policy, purchase preferences hall be given to local suppliers in the following manner:

- I. Intheprocurementofworkswhicharedivisibleinnature, the following procedures hall be followed:-
- i) Among all qualified bids, the lowest bid will be termed as L-1. If L-1 is from a Class-I local supplier, the contract for fullquantitywillbeawarded toL-1atL-1pricebythePurchaser.
- ii) If L-1is not a Class-I local supplier, 50% of the orderquantity shallbe awardedtoL-1. Thereafter, the lowest Bidderamong the Class-I local suppliers will be invited to match the L-1 price for the remaining 50% quantity subject to Class-Ilocal supplier's quoted price falling within the margin of purchase preference, and the contract for that quantity shall beawarded to such local supplier subject to his matching the L-1 price. In case such lowest eligible Class-I supplier fails tomatch the L-1 price or accept less than the offer quantity, the next higher Class-I local supplier within the margin ofpurchase preference shall be invited to match the L-1 price for remaining quantity and so on, and contract shall beawarded accordingly. In case some quantity is still left uncovered on Class-I local supplier, then such balance quantity mayalso beordered onL-1Bidder.
- II. In the procurement of works which are not divisible, and in procurement of services where the bid is evaluated on price alone, the following procedures hall be followed:
 - i) Among all qualified bids, the lowest bid will be termed as L-1. If L-1 is from a Class-I local supplier, the contract will beawarded to L-1.
 - ii) If L-1 is not from a Class-I local supplier, the lowest Bidder among the Class-I local suppliers, will be invited to match theL-1 price subject to Class-I local supplier's quoted price falling within the margin of purchase preference, and the contractshall beawarded to suchClass-Ilocal suppliersubjecttomatchingtheL-1price.
 - iii) In case such lowest eligible Class-I local supplier fails to match the L-1 price, the Class-I local supplier with the next higherbid within the margin of purchase preference shall be invited to match the L-1 price and so on and contract shall beawarded accordingly. In case none of the Class-I local suppliers within the margin of purchase preference matches the L-1price,thenthecontractmaybeawarded totheL-1Bidder.

III. Applicabilityintenderswherecontractistobeawardedtomultiplebidders-(Deleteifnotnecessary)

- In tenders where contract is awarded to multiple bidders subject to matching of L1 rates or otherwise, the 'Class-I localsupplier'shallgetpurchase preferenceover'Class-II localsupplier'as wellas'Non-local supplier', as perfollowing procedure:
- a) In case there is sufficient local capacity and competition for the item to be procured, as notified by the nodal Ministry, onlyClass I local suppliers shall be eligible to bid. As such, the multiple suppliers, who would be awarded the contract, shouldbeallandonly'ClassILocalsuppliers'.
- b) Inothercases, 'ClassIIlocal suppliers' and 'Non-local suppliers' may also participate in the bidding process along with 'ClassILocal suppliers' as per provisions of the Order.
- c) If 'Class I Local suppliers' qualify for award of contract for at least 50 (fifty) percent of the tendered quantity in any tender, the contract may be awarded to all the qualified bidders as peraward criteria stipulated in the biddocuments. However, in case 'Class I Local suppliers' do not qualify for award of contract for at least 50 (fifty) percent of the tendered quantity, purchase preference should be given to the 'Class I local supplier' over 'Class II local suppliers'/ 'Non local suppliers' provided that their quoted rate falls within margin of purchase preference of the L1 bidder considered for award of contract so as to ensure that the 'Class I Local suppliers' taken in totality are considered for award of contract for at least 50 (fifty) percent of the tendered quantity.
- d) First purchase preference has to be given to the lowest quoting 'Class-I local supplier', whose quoted rates fall withinmargin of purchase preference, subject to its meeting the prescribed criteria for award of contract as also the constraint ofmaximum quantity that can be sourced from any single supplier. If the lowest quoting 'Class-I local supplier', does not qualify for purchase preference because of aforesaid constraints or does not accept the offered quantity, an opportunitymaybegiventonexthigher 'Class-Ilocalsupplier', falling within margin of purchase preference, and so on.
- e) To avoid any ambiguity during bid evaluation process, the procuring entities may stipulate its own tender specific criteriafor award of contract amongst different bidders including the procedure for purchase preference to 'Class-I local supplier' withinthebroad policyguidelinesstipulated insub-parasabove.
- IV. **Requirement for specification in advance:** The minimum local content, the margin of purchase preference and the procedure for preference to Make in India shall be specified in the notice inviting tenders or other form of procurementsolicitation and shall not be varied during a particular procurement transaction.

SystemfordecisionofL1bidder

The L1 bidder will be decided based on Overall Quoted Value (i.e. cost to the Company). The system for decision of L1bidder willbeasperfollowing 02(two)cases:-

<u>Case-1</u>:SupplyforwhichINPUTTAXCREDIT(ITC)isnotavailabletotheCompany.

Then share of GST to be deposited by CIL/ Subsidiary, if any will be <u>deducted</u> from overall bid value to arrive at the Contract value. The Price-bids of the tenderers shall have no condition. The Price Bid which is incomplete and not submitted as per instruction given above is liable for rejection.

$\underline{Case-2}: Supply for which INPUTTAX CREDIT (ITC) is available to the Company.$

For calculation of Overall Bid Value, the GST [CGST, SGST/UTGST, IGST and GST (compensation to state tax)] to be paid by the Bidder or by CIL/Subsidiary taken by the system will be ignored to decide the L1 i.e. the ranking of the Bidders will be decided based on rate squoted by the bidders excluding GST. This value of the bidder will be "the cost to Company".

Then share of GST to be paid by bidder shall be <u>added</u> with overall bid value to arrive at the Contract value. The Price-bidsof the tenderers shall have no condition. The Price Bid which is incomplete and not submitted as per instruction given above is liable for rejection.

6.4.1 General Principles for Granting Extension of Time

- i) AtthetimeofissuingnoticeinvitingtendersforaparticularworktheEngineer-in-Chargeshouldspecifythe timeallowedforcompletionoftheworkconsistent withthe magnitudeandurgencyofthework.
- ii) The time allowed for carrying out the work as entered in the contracts hall be strictly observed by the contractor and shall be reckoned from the Date of Commence ment of the work as given to the contractor.
- iii) Theworkshallthroughoutthestipulated periodofthecontractbeproceededwithallduediligence(timebeingdeemedtobetheessenceof onthepartof thecontractor.

- iv) To ensure good progress of work during the execution, the contractor shall meticulously follow thepreset time and progress chart and in the event of slippages in one segment, all efforts will be made toliquidatetheslippages inthenextstages.
- v) If the contractor shall desire an extension of time for completion of work on the grounds of his havingbeenunavoidablyhinderedinitsexecutionoronanyothergroundsasmentionedaboveshallmakeapplication to Engineer-In-Charge for extension of contract within a reasonable period prior to expiry of Contract Period (Preferably not later than 15 days prior to expiry of Contract Period). Engineer-In-Chargeshall process the proposal based on the merit of the case for obtaining approval of Competent Authority. Such extension shall be communicated to the contractor in writing by the company through Engineer-in-Chargebeforetheexpiryof ContractPeriod.
- vi) Engineer-in-Charge shall process extension of timefor the completion of the work if the following conditions are satisfied:
 - a) The contractor must apply to the Engineer-in-Charge inwriting for extension of time.
 - b) Suchapplicationmuststatethegroundswhichhinderedthecontractorintheexecutionoftheworkwithinthesti pulatedtime.
 - c) Such application must be made within a reasonable period prior to expiry of Contract Period (Preferablynot laterthan15dayspriortoexpiryof ContractPeriod).
 - d) The Engineer-in-Chargemust be of the opinion that the grounds shown for the extension of time are reasonable.

Vii)Deleted

- viii) The opinion of the Engineer-in-Charge, whether the grounds shown for the extension of time are or notreasonable, is final. If the Engineer-in-Charge is of the opinion that the grounds shown by the contractor arenot reasonable and declines to process the extension of time, the contractor may approach concernedSO(E&M) /GM (E&M) /Director (As the case may be) whose opinion shall be final and binding on allconcerned.
- ix) All interim extensions of time shall be granted by Tender Accepting Authority limited to GM(E&M)/HoDfor HQ works and Area GM for area works and all final extension of time shall be granted by TenderAcceptingAuthority limitedtoChairman/CMDof CIL/Subsidiary.

Effortshouldbemade to complete the workwithin theoriginal contract periodor extended period.

- x) In case the contractor does not apply for grant of extension of time before the expiry of contract periodandthedepartmentwantsthecontractortocontinuewiththeworkbeyondthestipulateddateofcompletion , the Engineer-in-Charge can process proposal for extension of time even in the absence of application from the contractor as perturbed lowing guidelines:
 - a) Whenever any hindrance comes to the notice of the In Charge of the work, he should at once make anoteofsuchhindranceintheregisterkeptatsite. He should also make are port to EIC of the occurrence of such hindrance.
 - b) The proposal for extension of time should be processed by EIC for obtaining the approval of CompetentAuthority (Ref Cl (ix) above. This should be processed preferably 15 days prior to the expiry of ContractPeriod.

- c) If the orders of the higher authority are not received in time, he should extend the contract before thestipulated date actually expires so that the contract might remain in force but while communicating thisextension of time, he must inform the contractor that this was without prejudice to Company's right tolevy compensation under relevant clause of the agreement. Such extension of time given by EIC shall beconsideredasfait-accompliinfuture.
- xi) The period during which the contract remains valid is a matter of agreement and if the periodoriginally set for the completion of the work comes to an end nothing short of agreement of the party canextendthesubsistenceandvalidity of the contract.
- xii) When the period fixed for the completion of the contract is about to expire, the question of extension of the contract may be considered at the instance of the contract or or the Department or of both.

The extension, in order to be binding, will have to be by parties 'agreement, expressor implied.

It therefore, follows that if the extension of time is issued /granted by the Engineer-in-Charge suo-moto asper provisions of Contract Agreement as per Cl 6.4.1(x) and such extension of time is accepted by the contractor, either expressly or implied by his actions before and subsequent to the date of completion, the extension of time granted by the Engineer-in-Charge is valid.

xiii) It is, therefore, necessary that the Engineer-in-Charge grants extension of time as per provisions of thecontractevenwhenthecontractordoesnotapplyforextensionoftimeinordertokeepthecontractalive.If the contractor refuses to act upon the extension so granted by Engineer-in-Charge, it will attract the provisions of appropriate clauses of the agreement.

The contractor shall however use his best efforts to prevent or make good the delay by putting his endeavorsconstantlyasmaybereasonablyrequired of him to the satisfaction of the Engineer-in-Charge.

If the prices of materials (not being the materials supplied at fixed issue rates by the company) and wages oflabour required for execution of the work increase or decrease, the contractor shall be compensated for suchincreaseorrecoveries will be madefrom the bills for such decrease as perprovisions detailed hereafter:

- a) The amount of the contract shall accordingly be varied subject to the condition that such compensation forescalation/ de-escalation in price shall be available only for the work done during the stipulated period of the contract including such period for which the contract is validly extended under the provisions of the contract without any penal action as detailed in clause no. 2.6. The Price Variation Clause shall not be applicable forworksforwhichstipulatedperiodof completionislessthanoneyear.
- b) The base date for working out such escalation/de-escalation shall be the last date on which the bids(inclusive ofpricepart)orrevisedpricebids(inclusive offer) were stipulated to be received.
- c) The compensation for escalation or recoveries to be made shall be worked out at quarterly intervals and shall be with respect to the cost of work done during the previous three months. The first such payment will be made at the end of three months after the month (excluding) in which the tender was accepted and the reafter at three months' interval.
- d) Job specific modification in the formulae of price variation given in the following para(s) can be done withtheapprovalof the CMD of the company.
- **2.1 Escalation/ De-escalation for Labour:** The amount paid to the contractor for the work done shall beadjusted for increase or decrease in the cost of labour and the cost shall be calculated quarterly in accordancewiththefollowing formula:

VL=W
$$\times \frac{A}{100} \times \frac{L-L0}{Lo}$$

Where:

- VL= Variation in labour cost i.e., increase or decrease in the amountinrupeestobepaidorrecovered.
- W= Valueofworkdoneduringtheperiodunderreckoningtowhichtheescalation/deescalationrelatesasindicatedinclause-2.4oftheAdditionalTerms&Conditionsofthecontract.
- A= Component of labour expressed as percentage of the total value of theworkadoptedfromtheTable-1.

- **2.3 Escalation/ De-escalation on POL**: The amount to be paid to the contractor for the work done shall beadjustedfortheincreaseordecrease in the cost of POL and the cost shall be calculated quarterly in accordance with the formula given below:

Vf=W
$$\times \frac{C}{100} \times \frac{F-F0}{Fo}$$

Where:

- Vf = Variation in the cost of fuel, oil and lubricants increase or decrease in the rupees to be paid orrecovered.
- W = Value of work done during the period under reckoning to which the escalation/ de-escalation relates as indicated in clause 2.4 of the Additional terms & Conditions of the contract.
- C=ComponentofPOLexpressedaspercentageofthetotalcost oftheworktakenfrom Table-1.
- F= Average Index Numberforwholesale price for the group of `Fuel, Power, Light & Lubricants' aspublished by the Economic Adviser, Ministry of Industry, Govt. of India for the period to which theescalation/de-escalationrelates.
- Fo = Index number of wholesale price for the group, Fuel, Power, light & lubricants as published by the Economic Adviser, Ministry of Industry, Govt. of India prevalent on the last date of receipt of bids(inclusive of PricePart) or revised pricebids which everislater.
- 2.4 While calculating the value of "W" the following may benoted: The cost on which the escalation willbe payable shall be reckoned as 85 % of the cost of work as per the bills to which escalation relates, and from this amount the value of materials supplied or services rendered at the prescribed charges under the relevant provisions of the contract, and proposed to be recovered in the particular bill, shall be deducted before the amount of compensation for escalation or de-escalation is worked out. In the case of materials brought to site for which any secured advance is included in the bill, the full value of such materials as assessed by the Engineer-in-Charge (and not the reduced amount for which secured advance has been paid) shall be included in the cost of work done for operation of this clause. Similarly, when such materials are incorporated in the workand the secured advance is deducted from the bill, the full assessed value of the materials originally considered for operation of this clause should be deducted from the cost of the work shown in the bill, running or final. Further the cost of workshall not include anywork for which payment is made at prevailing market rates.
- 2.5 In the event the price of materials and/ or wages of labour required for execution of the work decreases, there shall be downward adjustment of the cost of work so that such price of materials and/or wages of labourshall be deductible from the cost of work under this contract and in this regard the formulae herein before statedunder this clause shall mutatis/mutandis apply. No such adjustment for the increase / decrease in material priceand/ or wages of labour before mentioned would be made in case of contracts in which the stipulated period of completion of the work is less than one year.

${\bf 2.6 \ Application of Price Variation Clause during extended period of Contracts.}$

The Price Variation Clause as stated above will be applied for extended time frame of a contract by following the principle stated as under:

- i) Normally, if and when it is understood that a contract is not going to be completed within the scheduledtime period, the contract is kept operative by extending the time of completion provisionally. During this provisional extended period the operation of the Price Variation Clause will remain suspended.
- ii) If and when it is decided at the end of the successful completion of the work that the delay was due tocauses not attributable to the contractor, then the Price Variation Clause will be revived and applied as if thescheduleddateofcompletionhasbeenshiftedtotheapprovedextendeddate.
- iii) If it is decided at the end of successful completion of the work that the delay was due to the fault of the contractor then the Price Variation Clause will not be revived for the purpose of escalation but shall be revived and applied for the purpose of de-escalation and no further payment will be made to the contractor onaccount of any escalation during this period but recovery shall be made for de-escalation, if any. Additionally,theClauserelatedtoCompensationfordelaywillbeapplied.
- iv) If it is decided at the end of successful completion of work, the delay was partly due to the fault of the contractor and partly due to the fault of the employer and thereby Liquidated Damages (LD)/compensationdue to delay is imposed then price variation clause for the purpose of escalation shall not be revived for thisextendedperiod, butshall be revived and applied for the purpose of descalation.

Nopaymentwillbemadebyapplying"FROZENINDICES "underanycircumstances.

CodeofIntegrityforPublicProcurement(CIPP):

1. Introduction

Public procurement is perceived to be prone to corruption and ethical risks. To mitigate this, the officials of Procuring Entities involved in procurement and the bidders/ contractors must abide by the following Code of Integrity for Public Procurement (CIPP). All Procuring Officials shall give an undertaking to abide by the Code of Integrity of Public Procurement (CIPP) in ERP while processing PR in SAP ERP. The undertaking shall be put informat of PR itself in ERP. However, if estimate is processed outside ERP then separate undertaking in this regardsshall be given by all procuring officials. The bidders/ contractors should be asked to sign a declaration aboutabiding by a Code of Integrity for Public Procurement (including sub-

contractorsengagedbythem)duringsubmission of bid, with a warning that, in case of any transgression of this code, it would be liable for punitive actions such as cancellation of contracts, banning and blacklisting or action in Competition Commission of India, and soon.

2. CodeofIntegrityforPublicProcurement

Procuring authorities as well as bidders, contractors and consultants should observe the highest standard of ethics and should not in the contractors and consultants of the contractors and contractors are contractors and contractors are contractors and contractors and contractors are contractors are contractors and contractors are contractors are contractors are contractors and contractors are contractors.

the following prohibited practices, either directly or indirectly, at any stage during the procurement process or during execution of resultant contracts:

- i) "Corrupt practice": making offers, solicitation or acceptance of bribe, rewards or gifts or any material benefit,in exchange for an unfair advantage in the procurement process or to otherwise influence the procurement processor contract execution;
- ii) **"Fraudulent practice":** any omission or misrepresentation that may mislead or attempt to mislead so that financial or other benefits may be obtained or an obligation avoided. This includes making false declaration or providing false information for participation in a tender process or to secure a contract or in execution of the contract;
- iii) "Anti-competitive practice": any collusion, bid rigging or anti-competitive arrangement, or any other practicecoming under the purview of The Competition Act, 2002, between two or more bidders, with or without
 - theknowledgeoftheprocuringentity, that may impair the transparency, fairness and the progress of the procurement processor to establish bid prices a tartificial, non-competitive levels;
- iv) **"Coercive practice":** harming or threatening to harm, persons or their property to influence their participationintheprocurementprocessoraffect the execution of a contract;
- v) "Conflict of interest": A Bidder may be considered to have a Conflict of Interest with one or more parties in thisbiddingprocess,if:
